Lighter spreadable
butter

Happy New Year to you. We hope that you are keeping warm and had fun in the snow - take a look at our snowy photos on our [Facebook](#) page and add your photos too. To kick off the New Year, we've added some delicious new products to the Yeo Valley Organic family with more to follow throughout the year - we'd love to hear what you think of them.

New Additions...

We are delighted to unveil TWO NEW SPECIAL EDITION big pot yogurts - Toffee Caramel and, due to popular demand, the return of our mouth-watering Plum flavour ... get your hands on them while you can!

And, for all you butter fans out there, we've launched a lighter version of our Yeo Valley Organic Spreadable Butter with 30% less fat - great for helping you stick to the New Year diet.
