Halloween recipe

New look website

With the cold dewy mornings and the nights drawing in, the autumnal season has certainly arrived. So, embrace the change of season and make the most of roaring open fires and warming stews. It is also time for Halloween and Bonfire Night in which all the family can get involved and we've got a great soup recipe which everyone will enjoy. Why not take the children on a walk in the countryside to experience autumn for themselves – there's nothing quite like kicking your way through a pile of leaves!

Little Yeo's brings a touch of magic to meal times!

There's nothing children like more at meal times than getting messy – after all, most mums will admit that their little ones get more food on them, than in them! Which is why Yeo Valley has come to the rescue with our new on-pack spoon giveaway. We are giving away a 'magic' spoon with every pack of Little Yeo's, which change colour when dipped in cool yogurt.
